Confirmation of security assessment

HvS-Consulting AG confirms that a whitebox penetration test of the Lens IDE was conducted. In scope were the IDE, the Lens Teamwork functionality, the API, the product portal and the underlying AWS infrastructure. The security assessment took place between 28 August and 07 September 2023 with a net test time of 13.5 days.

As a result, the following number of vulnerabilities were identified:

- Severe risk: 0
- Moderate risk: 7
- Low risk: 6

The penetration test was based on the common standard OWASP Application Security Verification Standard 4.0.3 – Level 2.
